

INSPIRATIONAL AFTERNOONS

Exotic Animal Show

Wednesday, September 5th 1:30PM

**Have you ever held a chinchilla?
What about a porcupine?**

Please join us for an incredibly fun, hands on learning experience, that you will never forget!

Participants can touch and hold tons of animals from all over the world. Experts will discuss proper animal care and husbandry, habitats, food preferences, and behaviors.

Almost all of the animals are captive born and are adopted, from people who could no longer keep them.
